

## **MAKE A DIFFERENCE**

We are the team that aspires to be the Australian benchmark for safety, efficiency, innovation and cost performance in the provision of water and waste water services whilst achieving reasonable sustainable growth.

### **To be successful and have a positive effect we will:**

Provide a safe workplace.

Applaud individual and team contributions.

Treat each other with respect.

Be accountable for our actions.

Work as one team towards common goals.

Be a learning organisation that strives for best industry practice.

Communicate in a professional, open and honest manner.

Realise our clients visions.

Sustaining our environment.
